

MBR DESIGN CHALLENGE:

“How Well Do You Know Your Manufacturing Processes?”

Be invited to our first MBR Design Challenge for Werum PAS-X users in India. If you think you or your team possess some extraordinary skills in understanding manufacturing recipes and converting them into immaculate Manufacturing Batch Records (MBRs) – then take part in our challenge and win great prizes! Our MBR Design Challenge is open for all Werum PAS-X users in India.

Join us and show off your MBR designing skills!

HOW THE COMPETITION WORKS

As a participant ...

1. ... you will be provided a section of a paper batch record for which you need to create a detailed MBR.
2. ... you will be given a pre-built MBR with integrity errors which you have to resolve and make error-free.
3. ... you will have to determine what improvements can be made to a pre-defined or poorly designed MBR.
4. ... you will have to showcase your knowledge of MBR design and business processes by means of a multiple-choice test.

RULES OF THE COMPETITION

- Registration for participation ends on 15 September 2020
- Received registrations will be evaluated by the Werum team
- Selected participants will be notified and receive detailed instructions
- Completed assignments must be submitted by 30 October 2020
- Assignments will be evaluated by a PAS-X expert jury, with the results being announced in December 2020
- Participants are expected to secure all necessary approvals to participate from their respective organization prior to registering
- All activities will be done online and remotely – there is no travel involved

- No product / process / quality related information is expected to be revealed except the participants' PAS-X knowledge
- Once all MBRs designed for this contest are completed, they will be collected by Werum and cannot be shared with the participants for future use
- Evaluation will be based on the evaluation criteria and will be available for individual review, if needed.
- Results of the evaluation will be confidential and cannot be shared with anyone

JURY & SELECTION CRITERIA

A jury of PAS-X experts will assess the submitted MBR designs. You are eligible to participate if your organization is a pharma / biotech manufacturer using or intending to use Werum's PAS-X MES at any location in India. You are an active user or were an active user of PAS-X

MES at any location in India in the past. The jury's decision will be final. You mustn't be working for any of Werum's partners worldwide or any other MES vendor, or be a Werum employee.
